#	Date	From	Topic	Question	Answer	To be answered by
1	06/08/2018	AUS	Website	Will a FAQ section be posted on the event website?	Yes	OA
2	06/08/2018	AUS	Hansa 303 Equipment Regulation	Will equipment regulations be published for the Hansa 303 as they have for the RS Venture?	No, the equipment regulation has been released for the RS Venture only because every team can bring its own seats and there are no international class rule	WS
3	06/08/2018	AUS	Hansa 303	How many Hansa 303 boats are available?	There will be 20 Hansa 303 available	WS
4	06/08/2018	AUS	Hansa 303	Will all Hansa 303 boats be the same?...e.g. new hulls and new sails?	Yes, will be delivered from the building factory in Batang	WS
5	06/08/2018	AUS	Hansa 303 training	From what date will Hansa 303 boats be available for training?	Info will be released as part of SIs, indicatively on August 14	TD
6	06/08/2018	AUS	Hansa Sail	Do the Hansa 303 jibs have windows?	No	WS
7	06/08/2018	AUS	Boat allocation	Will the boats stay in the water or be hauled out each day?	The intention is to haul the Hansa 303's each day - other classes will stay in the water.	TD
8	06/08/2018	AUS	Sails	Can Hansa 303 sailors bring and use their own sails?	No, all the equipment will be provided	WS
9	06/08/2018	AUS	Race Organization	How long is the gap anticipated between change Hansa 303 overs?	Info will be released as part of SIs, indicatively on August 14	TD
10	06/08/2018	AUS	Hansa 303 sharing	Will sailors use the same Hansa 303 each day or will they rotate across different boats?	Sailors will rotate between different boats each day	TD
11	06/08/2018	AUS	Wind indicator	Are sailors able to install a wind indicator that does not require any permanent equipment modification?	Yes, but the wind indicator needs to be installed without puncturing the surface of the boat and must be removed quickly without damaging the boat.	WS

12	06/08/2018	AUS	Hansa Class additional equipment	Can International Hansa Class approved additional equipment (https://hansaclass.org/technical/equipment-applications) be used?	Yes, but as for question 11, the additional equipment can be applied only without puncturing the surface of the boat and must be removed quickly without damaging the boat. No additional equipment shall be installed without the written approval of the Technical Committee Request. Request shall include the RAE application number.	TD/WS	
13	06/08/2018	AUS	Equipment modification	Is it permitted to drill holes in equipment e.g. boom rowlock (RAE014-060110)?	No	WS
